

SAFETY DATA SHEET

Section 1. Identification

CHS Inc. P.O. Box 64089 Mail station 525 St. Paul, MN 55164		n Emergency (CHEMTREC) Technical Information SDS Information	:	1-800-424-9300 1-651-355-8443 1-651-355-8445
Product name	: COMMERCIAL HEAVY DUTY ATF ALL SYNTHETIC	SDS no.	:	1267-D36X0
Common name	: Synthetic Automatic Transmission Fluid	Revision date	:	08/15/2014
Chemical name	: Lubricating oil.	Chemical formula	:	Mixture
Chemical family	: Hydrocarbon.			

Relevant identified uses of the substance or mixture and uses advised against

Not available.

OSHA/HCS status	:	This material is	considered ha	zardous	by	the OSHA Hazard C	Commu	nication Standard (29 CFR 1910.1	200).
Classification of the substance or mixture	:	ASPIRATION H	AZARD - Cate	gory 1					
GHS label elements									
Hazard pictograms	:								
Signal word	:	Danger							
Hazard statements	:	May be fatal if	swallowed and	enters a	irw	ays.			
Precautionary statements									
General	:	Read label before label at hand.	ore use. Keep	out of re	ach	n of children. If medi	cal adv	vice is needed, have product conta	iner or

	S	Section 3. Co	omposition	/inforn	na	tion on ingredie	ents		

Section 2. Hazards identification

Substance/mixture	: Mixture		
Chemical name	: Lubricating oil.		
Other means of identification	: Synthetic Automatic Trans	mission Fluid	
Ingredient name		%	CAS number
1-Decene, homopolymer, hydroger Diphenylamine	ited	10 - 30 0.1 - 1	68037-01-4 122-39-4

Any concentration shown as a range is to protect confidentiality or is due to batch variation.

There are no additional ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment and hence require reporting in this section.

Occupational exposure limits, if available, are listed in Section 8.

Section 4. First aid measures

Description of necessary first aid r	neasures
Eye contact	: If material comes in contact with the eyes, immediately wash the eyes with large amounts of water for 15
	minutes, occasionally lifting the lower and upper lids. Get medical attention.
Inhalation	: If person breathes in large amounts of material, move the exposed person to fresh air at once. If breathing has stopped, perform artificial respiration. Keep the person warm and at rest. Get medical attention as soon as
	possible.
Skin contact	: If the material comes in contact with the skin, wash the contaminated skin with soap and water promptly. If the
	material penetrates through clothing, remove the clothing and wash the skin with soap and water promptly. If irritation persists after washing, get medical attention immediately.
Ingestion	: If material has been swallowed, do not induce vomiting. Get medical attention immediately.
Most important symptoms/effects,	· · · · · · · · · · · · · · · · · · ·
Potential acute health effects	
Eye contact	: No known significant effects or critical hazards.
Inhalation	: No known significant effects or critical hazards.
Skin contact	: No known significant effects or critical hazards.
Ingestion	: May be fatal if swallowed and enters airways.
Over-exposure signs/symptoms	
Eye contact	: Adverse symptoms may include the following: pain or irritation, watering, redness.
Inhalation	: Adverse symptoms may include the following: respiratory tract irritation, coughing.
Skin contact	: Adverse symptoms may include the following: irritation, redness.
Ingestion	: No known significant effects or critical hazards.
Indication of immediate medical	attention and special treatment needed, if necessary
Notes to physician	: Treat symptomatically. Contact poison treatment specialist immediately if large quantities have been ingested or inhaled.
Specific treatments	: No specific treatment.
Protection of first-aiders	 No action shall be taken involving any personal risk or without suitable training. It may be dangerous to the person providing aid to give mouth-to-mouth resuscitation.
See toxicological information (Se	ection 11)
	Section 5. Fire-fighting measures
Futin muiching modie	
Extinguishing media	
Suitable extinguishing media	 Use water spray to cool fire exposed surfaces and to protect personnel. Foam, dry chemical or water spray (fog) to extinguish fire.
Unsuitable extinguishing media	: None known.

Unsuitable extinguishing media Specific hazards arising from the chemical	 None known. Toxic fumes gases or vapors may evolve on burning.
Hazardous thermal decomposition products	: No specific data.
Special protective actions for fire-fighters	 When fighting fires wear full turnout gear and self contained breathing apparatus. Water may cause splattering. Material floats on water.
Special protective equipment for fire-fighters	: Not applicable.

Section 6. Accidental release measures

Personal precautions, protective equipment and emergency procedures

For non-emergency personnel : Keep unnecessary and unprotected personnel from entering. Avoid breathing vapor or mist. Provide adequate ventilation. Wear appropriate respirator when ventilation is inadequate. Put on appropriate personal protective equipment.

Methods and materials for containment and cleaning up

Spill

: Contain with dikes or absorbent to prevent migration to sewers/streams. Take up small spill with dry chemical absorbent; large spills may require pump or vacuum prior to absorbent. May require excavation of severely contaminated soil.

Section 7. Handling and storage

Precautions for safe handling	
Protective measures	 Put on appropriate personal protective equipment (see Section 8). Do not get in eyes or on skin or clothing. Do not breathe vapor or mist. Do not ingest. Use only with adequate ventilation. Wear appropriate respirator when ventilation is inadequate.
Advice on general occupational hygiene	: Eating, drinking and smoking should be prohibited in areas where this material is handled, stored and processed. Workers should wash hands and face before eating, drinking and smoking.
Conditions for safe storage, including any incompatibilities	: Do not store above the following temperature: 80°C (175°F). Odorous and toxic fumes may form from the decomposition of this product if stored at excessive temperatures for extended periods of time. Store in accordance with local regulations. Do not store at temperatures exceeding 113°F (45°C). Store in a dry, cool and well-ventilated area, away from incompatible materials (see Section 10). Use appropriate containment to avoid environmental contamination.

Section 8. Exposure controls/personal protection

Control parameters

Occupational exposure limits

Ingredient name	Exposure limits	
Diphenylamine	ACGIH TLV (United States, 6/2013). TWA: 10 mg/m ³ 8 hours. NIOSH REL (United States, 4/2013). TWA: 10 mg/m ³ 10 hours. OSHA PEL 1989 (United States, 3/1989). TWA: 10 ppm 8 hours.	
Appropriate engineering controls	only with adequate ventilation.	
nvironmental exposure controls	ssions from ventilation or work process equipment should be checked to ensure they comply w irements of environmental protection legislation.	vith the
ndividual protection measures		
Hygiene measures	h hands, forearms and face thoroughly after handling chemical products, before eating, smoki avatory and at the end of the working period. Ensure that eyewash stations and safety showe e workstation location.	
Eye/face protection	ommended: Splash goggles and a face shield, where splash hazard exists.	
Skin protection		
Hand protection	hours (breakthrough time): Nitrile gloves.	
Body protection	ommended: Long sleeved coveralls.	
Other skin protection	ommended: Impervious boots.	
Respiratory protection	ntilation is inadequate, use a NIOSH-certified respirator with an organic vapor cartridge and P	95 particulate

Section 9. Physical and chemical properties

<u>Appearance</u>		Relative density	:	0.8443 to 0.8649
Physical state	: Liquid.	Evaporation rate	:	<1 (Ether. = 1)
Color	: Red.	Solubility	:	Insoluble in the following materials: cold water and hot water.
Odor	: Mild petroleum.	Solubility in water	:	Insoluble
Odor threshold	: Not available.	Partition coefficient: n-	:	Not available.
рН	Not available.	octanol/water		
Melting point	: Not available.	Auto-ignition temperature	:	>260°C (>500°F)
Boiling point	: Not available.	Decomposition temperature	:	Not available.
Flash point	: Closed cup: >177°C (>350.6°F)	SADT	:	Not available.
Flammability	: Not available.	Viscosity	:	Not available.
Lower and upper	: Not available.	Vapor pressure	:	<0.13 kPa (<1 mm Hg) (68°F)
explosive (flammable) limits		Vapor density	:	Not available.

Section 10. Stability and reactivity

Reactivity Chemical stability Possibility of hazardous reactions	::	No specific test data related to reactivity available for this product or its ingredients. The product is stable. Under normal conditions of storage and use, hazardous reactions will not occur.
Conditions to avoid Incompatible materials Hazardous decomposition products		No specific data. Reactive or incompatible with the following materials: oxidizing materials. Under normal conditions of storage and use, hazardous decomposition products should not be produced.

Section 11. Toxicological information
